

THE INNER DOG

POSITIVE SOLUTIONS FOR NEGATIVE BEHAVIORS

Mission Statement

As a Certified Professional Dog Trainer (CPDT-KA), I believe that force-free, pain free, science based, positive reinforcement training and behavior rehabilitation gives every dog the greatest opportunity to be a safe and happy family companion. This is not just my opinion, but has been scientifically proven, prescribed by the American Society of Veterinary Animal Behaviorists and has become the cornerstone for good trainers all over the world.

As a Best Friends Animal Society Community Training Partner & Recommended Trainer and a Victoria Stilwell Positive Dog Trainer, I firmly subscribe to the belief that our goal should be No More Homeless Pets. This means helping special needs dogs in shelters and at rescues become adoptable and that dogs in loving homes should be given whatever help is necessary to ensure that they stay there in that loving forever home.

As a long time dog lover, dog owner, police K9 handler and trainer, I know that every dog has a place in our world, that they share their love with us unconditionally and that they depend on us for all of their needs. They are not in our lives by their choice but by ours. It is imperative that we not only recognize their gifts, but that we accept our responsibilities to ensure that they enjoy a great quality of life.

“Indeed dogs rule.....

Being part of their lives is a *privilege*.

Helping to make this a better world for them is an *obligation*.

They deserve the *very best* from us as we share this time *together*.”

Faith Maloney

Animal Care Consultant
